**Legislative Branch: Structure and Lawmaking** 

| Question                      | List Specific Evidence from the Video | Complete Sentence |
|-------------------------------|---------------------------------------|-------------------|
| 1. Where are the structure    |                                       |                   |
| and power of the              |                                       |                   |
| legislative branch            |                                       |                   |
| described?                    |                                       |                   |
|                               |                                       |                   |
| 2. According to the           |                                       |                   |
| Constitution, what are the    |                                       |                   |
| two houses of Congress?       |                                       |                   |
|                               |                                       |                   |
|                               |                                       |                   |
| 3. What are elected           |                                       |                   |
| members of the House of       |                                       |                   |
| Representatives called?       |                                       |                   |
|                               |                                       |                   |
|                               |                                       |                   |
| 4 300                         |                                       |                   |
| <b>4.</b> What are elected    |                                       |                   |
| members of the Senate called? |                                       |                   |
| Gallou:                       |                                       |                   |
|                               |                                       |                   |
|                               |                                       |                   |

| <b>5.</b> What term is used to describe both Senators and Representatives? |  |
|--|--|
